

# Could your business help Mercian Archaeological Services CIC to:

- support work on one of the most historically important sites in Nottinghamshire.
- support people from disadvantaged areas to develop new skills; build their confidence and improve their wellbeing.

## Corporate Sponsorship

Are you a local business in Sherwood Forest that could donate £450 to fund a place on an archaeological field school at King John's Palace, Kings Clipstone?

Your organisation's contribution will be acknowledged on our King John's Palace webpage, on our social media accounts, as well as in the archaeological reports and published magazine and journal articles and in the final specialist monograph publication of the site.

## £450 could help change someone's life

It will fund a potentially life changing opportunity for someone from a disadvantaged area to attend our training. They will learn about the archaeological process including excavation, recording, finds processing and much more. Many of the skills are transferable and can help people in their everyday work or when seeking employment in other fields, or can help them launch or further a career in archaeology.

## About Mercian Archaeological Services

We are an award winning, not for profit organisation dedicated to the highest quality training and to ensuring that people from all backgrounds can be inspired and supported to learn about archaeology.

Individuals on Mercian courses get to socialise and meet new people, make new friends as well as develop a shared interest for life. They spend time being active in the open air in the beautiful Nottinghamshire countryside. There are both mental and physical benefits for people with interests that take them outside.

***"It was a fantastic experience and I came away feeling a lot more confident in my developing skills."***

Donate and become part of the ongoing story of one of the most historically important sites in Sherwood Forest and the UK.
